Subject Index to Volume 9

Abdominal pain following intravenous benzyl penicillin administration, 69
Acromegaly, 323
Acromegaly, treatment with bromocryptine, 217, 225
Adenocarcinoma of the lung in non-Hodgkin's lymphoma, 565
Adenoma, aldosterone producing, 676
Adenosine deaminase deficiency child with severe combined immunodeficiency, family study on the kindred of, 530
Alcohol and hypertension, 124
Alcoholic cardiomyopathy documented by serial gated cardiac pool scanning, improvement of left ventricular function in, 420
Alcohol consumption and hypertension; the evidence from hazardous drinking and alcoholic populations, 201
Alcohol intoxication, outbreak of acute, 65
Aldosterone, measurement of the end-organ responses to; diversity of response and its possible biological significance, 278
Aldosterone producing adenoma; fludrocortisone suppression and left adrenal vein catheterisation in definitive diagnosis and management, 676
Amyloidosis, pulmonary alveolar-septal, associated with pulmonary tuberculosis and an unusual paraproteinaemia, 302
Anaemia, aplastic, does viral hepatitis cause, 667
Analgesic abusers, gastro-colic fistula complicating benign gastric ulcer in, 314
Aneurysm, annular subvalvular left ventricular, mimicing a pericardial effusion on echocardiogram, 571
Angina, Prinzmetal, nifedipine in the treatment of, 293
Angiostrongyliasis cantonensis, 75
Anticoagulated patients, warfarin and warfarin-alcohol levels in, 534
Aortic stenosis, congenital, exercise testing in, 169
Aplastic anaemia, does viral hepatitis cause, 667
Arsenic ingestion, chronic, liver disease associated with, 310
Arthritis associated with herpes zoster, study of synovial fluid and cytology in, 440
Arthritis, rheumatoid, drug compliance in outpatients with, 274
Asthma, hospital discharge rates and deaths in the Hunter Health Region (NSW), 504
Asthma, Western red cedar induced, bronchial reactivity in, 417
Atenolol, once or twice daily treatment with, in patients with mild hypertension, home blood pressure monitoring and changes in plasma catecholamines during, 374
Atherosclerosis and urate metabolism, 451
Atrial pacing in ventricular tachycardia and supraventricular tachycardia with aberrant intraventricular conduction, 661
Azathioprine, treatment with; progressive polyradiculoneuropathy, 184

B Cell leukaemia, 208
Benign rheumatoid nodules, 697
Benzyl penicillin administration, intravenous, abdominal pain following, 69
Beta-adrenergic blockade, limitation of work performance in normal adult males in the presence of, 515
Beta-thromboglobulin in transplant rejection, 473
Blood pressure monitoring, home, and changes in plasma catecholamines during once or twice daily treatment with atenolol in patients with mild hypertension, 374
Bone cells and matrix, morphological and functional interrelationships of, 1
Bronchial reactivity in Western red cedar induced asthma, 417
Bronchodilator therapy, combined cholinergic antagonist and B_2-adrenoceptor agonist, by inhalation, 511
Bundle branch block after myocardial infarction, 411
Burkitt's lymphoma in Australia, 683

Cadaveric kidneys for transplantation in Australia and New Zealand, exchange of, 639
Calcitonin and diphosphonate, cardiovascular system in Paget's disease of bone and the response to therapy with, 390
Calcitonins, treatment of Paget's disease with, 36
Cancer, disseminated lung, heparinized chemotherapy in the treatment of, 381
Carbamazepine therapy complicated by nodal bradycardia and water intoxication, 295
Cardiomyopathy, alcoholic, documented by serial gated cardiac pool scanning, improvement of left ventricular function in, 420
Cardiovascular system in Paget's disease of bone and the response to therapy with calcitonin and diphosphonate, 390
Cervical manipulation for migraine, 339
Chemotherapy, heparinized, in the treatment of disseminated lung cancer, 381
Cimetidine, effect on gastrin release in ulcer disease, 367
Cimetidine therapy, 12 months continuous, for duodenal ulcer, serum gastrin after, 637
Coeliac and inflammatory bowel disease in a patient with Turner's syndrome, 316
Continuing Education, 209
Coronary artery disease in Hodgkin's disease, radiation-related, 423
Coronary artery disease, serial exercise thallium myocardial perfusion scanning and exercise electrocardiography in the diagnosis of, 547
Coronary artery ectasia, atheromatous, 44
Coronary heart disease, implications for prevention of; synergistic effect of weight loss and changes in dietary lipids on the serum cholesterol of obese men with hypercholesterolaemia, 521
Coronary heart disease in tribal aborigines: the West Kimberley survey, 284
Coronary risk factors in a community sample of Auckland men, distributions and interrelations, 158
Crohn's disease, a review of 122 cases, 145
Cyclic nucleotide metabolism in tumours, 584
Cytomegalovirus infection of the fetus and maternal immunosuppression, 430

Deaths and hospital discharge rates from asthma in the Hunter Health Region (NSW), 504
Diabetes mellitus, haemoglobin A_1 in, 49
Diabetes mellitus, immune complexes in, 370
Diabetes mellitus, insulin dependent, HLA patterns in Australian patients with, 633
Diabetes mellitus, juvenile, growth failure, somatomedin and growth hormone levels in, 245
Diabetic retinopathy, 88, 473
Diabetics, non-obese (J-type) in Papua New Guinea, insulin secretion in, 260

Dietary fibre, effects on glucose tolerance in healthy males, 154
Dietary lipids, changes in, and weight loss, synergistic effect on the serum cholesterol of obese men with hypercholesterolaemia. Implications for prevention of coronary heart disease, 521
Dihydroergotamine therapy in symptomatic postural hypotension, 709
Diphosphonate and calcitonin, cardiovascular system in Paget's disease of bone and the response to therapy with, 390
Diphosphonate, clinical evaluation and treatment with; Paget's disease of bone, 31
Disseminated cryptococcosis with ocular involvement, 444
D-penicillamine in the treatment of rheumatoid arthritis, difficulties in the use of, 495
Drug usage in a Western Australian rural community, 269
Duodenal ulcer, serum gastrin after 12 months continuous cimetidine therapy for, 637
Dysplasia, haemopoietic (preleukaemia) and abnormal cell clone with connective tissue disease, 177

Ectasia, atheromatous coronary artery, 44
Enterocolitis, necrotising, associated with invasion by clostridium septicum complicating cyclic neutropaenia, 426
Epilepsy, inhibitory, 448
Exercise electrocardiography and serial exercise thallium myocardial perfusion scanning in the diagnosis of coronary artery disease, 547
Exercise testing in congenital aortic stenosis, 169

Factor VIII or prothrombin complex concentrate infusions in children with haemophilia and antibodies to factor VIII, 241
Fetal, maternal and intrapartum factors and their effects on cord serum cholesterol and triglyceride, 57
5-fluorouracil, ocular side effects with, 143

^{67}Gallium uptake in psittacosis infection, 437
Gastric phytobezoar, 207
Gastric ulcer, benign, in analgesic abusers, gastro-colic fistula complicating, 314
Gastrinomas (Zollinger-Ellison syndrome), is pancreatic polypeptide estimation of value in diagnosing?, 364
Gastro-colic fistula complicating benign gastric ulcer in analgesic abusers, 314
Glomerulonephritis, acute, plasma renin activity and hypertension in, 250
Glucagon, new concepts about an "old" hormone, 733
Glucose tolerance in healthy males, effects of dietary fibre on, 154
Growth failure, somatomedin and growth hormone levels in juvenile diabetes mellitus, 245
Growth hormone levels, growth failure and somatomedin in juvenile diabetes mellitus, 245

Haemoglobin A_1 in diabetes mellitus, 49
Haemoglobin Heathrow, familial relative polycythaemia due to, 297
Haemoglobinuria, paroxysmal nocturnal, terminating in a myeloproliferative syndrome, 181
Haemophilia, children with, a randomized study of factor VIII or prothrombin complex concentrate infusions and antibodies to factor VIII, 241
Haemopoietic dysplasia (preleukaemia) and abnormal cell clone with connective tissue disease, 177
Haemopoietic inhibitors in acute leukaemia, 455
Hepatitis, viral, and intrahepatic cholestasis of pregnancy, 54
Hepatitis, viral, cause aplastic anaemia?, 667
Herpes zoster, an unusual case of flaccid paralysis of both lower limbs following, 702
Herpes zoster, study of synovial fluid and cytology in arthritis associated with, 440
HLA patterns in Australian patients with insulin dependent diabetes mellitus, 633
Hodgkin's disease, radiation-related coronary artery disease in, 423
Hodgkin's disease terminating in acute leukaemia, 398
Hospital discharge rates and deaths from asthma in the Hunter Health Region (NSW), 504
Hypercholesterolaemia, synergistic effect of weight loss and changes in dietary lipids on the serum cholesterol of obese men with; implications for prevention of coronary artery disease, 521
Hypercholesterolaemia, the validity of screening at different ages from 2 to 17 years, 542
Hyperlipoproteinaemia, primary type I; a metabolic and family study, 688
Hyperparathyroidism, primary, management of, 17
Hypertension and alcohol, 124
Hypertension and alcohol consumption; the evidence from hazardous drinking and alcoholic populations, 201
Hypertension and plasma renin activity in acute glomerulonephritis, 250
Hypertension, mild, home blood pressure monitoring and changes in plasma catecholamines during once or twice daily treatment with atenolol in patients with, 374
Hypertensive patients, verapamil in the management of, 62
Hypophosphataemic vitamin D-resistant rickets, spinal canal stenosis in adult with, 705
Hypotension, symptomatic postural, dihydroergotamine therapy in, 709

IgA deficiency, superior mediastinal tumour with unusual clinical manifestations, 306
Immune complexes and disease, 122
Immune complexes in diabetes mellitus, 370
Immune complexes of different immunoglobulin class, detection of, 644
Immunodeficiency, family study on the kindred of an adenosine deaminase deficient child with severe combined, 530
Immunology, human tumour, 713
Immunosuppression, maternal, and cytomegalovirus infection of the fetus, 430
Infarct size, reduction of; a rational aim?, 85
Inhalation, combined cholinergic antagonist and B_2-adrenoceptor agonist bronchodilator therapy by, 511
Insulin dependent diabetes mellitus, HLA patterns in Australian patients with, 633
Insulin secretion in non-obese (J-type) diabetics in Papua New Guinea, 260
Intrahepatic cholestasis of pregnancy, viral hepatitis and, 54
Iron deficiency anaemia, 402
Iron metabolism, recent advances, 578

Juvenile Reiter's Syndrome, 193

Kidneys, cadaveric, for transplantation in Australia and New Zealand, exchange of, 639

Lactic acidosis and nalidixic acid, 694
Leukaemia, acute, haemopoietic inhibitors in, 455

Leukaemia, acute, Hodgkin's disease terminating in, 398
Leukaemia, acute non-lymphocytic, in the third trimester of pregnancy, 71
Leukaemia, adult acute, some properties of the colony forming cell in, 233
Leukaemia, chronic myeloid, osteolytic lesions in, 87
Liver disease associated with chronic arsenic ingestion, 310
Liver disease in Australia, hepatitis B chronic, emerging patterns, 359
Lung, adenocarcinoma of, in non-Hodgkin's lymphoma, 565
Lung cancer, disseminated, heparinized chemotherapy in the treatment of, 381
Lymphomatoid granulomatosis in a renal transplant recipient, 434
Lymphoproliferative diseases, recent advances in the study of, 320
Lymphoproliferative disease with monoclonal IgM gammopathy and cold agglutinin, 602

Maternal, fetal and intrapartum factors and their effects on cord serum cholesterol and triglyceride, 57
Meningitis, eosinophilic, 600
Metabolism, cyclic nucleotide, in tumours, 584
Methotrexate therapy, high-dose; area of uncertainty, 722
Migraine, cervical manipulation for, 339
Multiple myeloma. Prognosis treatment and survival in a eight year study, 262
Münchausen syndrome, thermometerphagophilia in, 318
Myeloproliferative syndrome, a case of paroxysmal nocturnal haemoglobinuria terminating in, 181
Myocardial infarct size, limitation of; review of experimental basis and clinical trials, 78
Myocardial infarction, acute evolving, oral pindolol in, 408
Myocardial infarction, bundle branch block after, 411

Nalidixic acid and lactic acidosis, 694
Nephritis, thiamphenicol as an immunosuppressant in active SLE with, 670
Nephrolithiasis, 718
Neutropaenia, cyclic, necrotising enterocolitis associated with invasion by clostridium septicum complicating, 426
Nifedipine in the treatment of life threatening Prinzmetal angina, 293
Nitroglycerine and pentaerythrityl trinitrate, duration of action of, 554
Non-Hodgkin's lymphoma, 459
Non-Hodgkin's lymphoma, adenocarcinoma of the lung, 565

Ocular involvement, disseminated cryptococcosis with, 444
Ocular side effects with 5-fluorouracil, 143
Osteolytic lesions in chronic myeloid leukaemia, 87
Osteomalacia due to unusual causes presenting in adults, 253
Osteoporosis, post-menopausal, prevalence, pathogenesis and treatment of, 24

Paget's disease of bone and the response to therapy with calcitonin and diphosphonate, cardiovascular system in, 390
Paget's disease of bone; clinical evaluation and treatment with diphosphonate, 31
Paget's disease with the calcitonins, treatment of, 36
Pancreatic polypeptide estimation of value in diagnosing gastrinomas (Zollinger-Ellison syndrome)? 364
Paralysis, flaccid, of both lower limbs following herpes zoster, 702
Paraproteinaemia, unusual, and pulmonary tuberculosis, pulmonary alveolar-septal amyloidosis associated with, 302
Patent ductus arteriosus in Malaysia, 174
Penicillamine: Friend and foe? 493
Penicillamine in the treatment of rheumatoid arthritis, difficulties in the use of, 495
Penicillin administration, intravenous, abdominal pain following, 69
Pentaerythrityl trinitrate and nitroglycerine, duration of action of, 554
Pericardial effusion on echocardiogram, annular subvalvular left ventricular aneurysm mimicking, 571
Pindolol, oral, in acute evolving myocardial infarction, 408
Plasma renin activity and hypertension in acute glomerulonephritis, 250
Pneumococcal disease and its prevention with polyvalent pneumococcal polysacharide vaccines, 327
Polycythaemia, familial relative, due to haemoglobin Heathrow, 297
Polyradiculoneuropathy, progressive; treatment with azathioprine, 184
Pregnancy, acute non-lymphocytic leukaemia in the third trimester of, 71
Pregnancy, viral hepatitis and intrahepatic cholestasis of, 54
Prinzmental angina, life threatening, nifedipine in the treatment of, 293
Prothrombin complex or factor VIII concentrate infusions in children with haemophilia and antibodies to factor VIII, 241
Psittacosis infection, ^{67}gallium uptake in, 437
Pulmonary alveolar-septal amyloidosis associated with pulmonary tuberculosis and an unusual paraproteinaemia, 302

Reiter's syndrome, juvenile, 193
Renal failure, acute, 197
Renal failure, chronic, high density and low density lipoproteins before and after renal transplantation, 136
Renal failure, relevance of 25 hydroxycalciferol measurements in sera of patients with, 257
Renal osteodystrophy, some recent concepts, 575
Renal transplant recipient, lymphomatoid granulomatosis in, 434
Renal transplantation, high density and low density lipoproteins in chronic renal failure before and after, 136
Rheumatic valvular disease in Western Samoa, 560
Rheumatoid arthritis, difficulties in the use of D-penicillamine in the treatment of, 495
Rheumatoid arthritis, drug compliance in outpatients with, 274
Rheumatoid nodules, benign, 697
Rickets, hypophosphataemic vitamin D-resistant, spinal canal stenosis in adult with, 705

Secretin-plasma levels reproduced by exogenous infusion, release of, 151
Serum gastrin after 12 months continuous cimetidine therapy for duodenal ulcer, 637
Serum immune complexes and disease, 129
Somatomedin, growth failure and growth hormone levels in juvenile diabetes mellitus, 245
Spinal canal stenosis in adult with hypophosphataemic vitamin D-resistant rickets, 705
Spinal cord tumours in the elderly, 538
Supranuclear Palsy in barbiturate intoxication, 474
Surgical trials, 117, 474, 601

Systemic lupus erythematosus, active, with nephritis, thiamphenicol as an immunosuppressant in, 670
Systemic lupus erythematosus presenting as post-partum chorea, 568

Tachycardia, chronic recurrent ventricular, 650
Tachycardia, ventricular, and supraventricular tachycardia with aberrant intraventricular conduction, atrial pacing in, 661
Thallium myocardial perfusion scanning and exercise electrocardiography in the diagnosis of coronary artery disease, 547
Thermometerphagophilia in Münchausen syndrome, 318
Thiamphenicol as an immunosuppressant in active SLE with nephritis, 670
Thyroid hormone response to thyrotrophin releasing hormone stimulation in subjects from endemic goitre regions of Sarawak, Malaysia, 385
Tracheobronchopathia osteochondroplastica, 188
Transplantation, exchange of cadaveric kidneys in Australia and New Zealand, 639
Tuberculosis, pulmonary, and an unusual paraproteinaemia, pulmonary alveolar-septal amyloidosis associated with, 302
Tumour immunology, human 713
Tumours, a new cytotoxic mechanism against—natural killer cells, 464
Tumours, cyclic nucleotide metabolism in, 584
Tumours, spinal cord, in the elderly, 538
Turner's syndrome, co-existing coeliac and inflammatory bowel disease in a patient with, 316

Ulcer, benign gastric, in analgesic abusers, gastro-colic fistula complicating, 314
Ulcer disease, effect of cimetidine on gastrin release in, 367
Ulcer, duodenal, serum gastrin after 12 months continuous cimetidine therapy for, 637

Vaccines, polyvalent pneumococcal polysaccharide, pneumococcal disease and its prevention with, 327
Ventricular tachycardia and supraventricular tachycardia with aberrant intraventricular conduction, atrial pacing in, 661
Ventricular tachycardia, chronic recurrent, 650
Verapamil in the management of hypertensive patients, 62
Viral hepatitis and intrahepatic cholestasis of pregnancy, 54
Vitamin D, its endocrine system and human disease states, 9

Warfarin and warfarin-alcohol levels in anticoagulated patients, 534
Weight loss and changes in dietary lipids, synergistic effect on the serum cholesterol of obese men with hypercholesterolaemia. Implications for prevention of coronary artery disease, 521

Zollinger-Ellison syndrome, gastrinomas, is pancreatic polypeptide estimation of value in diagnosing?, 364
